COMMENTS

CLASS TEACHER'S COMMENTS	Vivian has worked steadily to a very good standard, closing on 70.53 and rank 5 of 12 in Form 1A. A fine result in Geography

	(79.00) shows what focused effort achieves. A little more consistency in Computer Studies (59.00) would move the whole result up. Keep pushing — a small lift in the weaker area earns a higher grade.
PARENTAL INVOLVEMENT	Parents attended both PTA meetings this term and reviewed the progress report with the class teacher. A quiet study hour is enforced at home, and the reading log is returned signed. The guardian has arranged weekend practice in the subjects that trailed. This level of home support makes a real difference; please keep it up.
