COMMENTS

CLASS TEACHER'S COMMENTS	Amina has sustained an outstanding standard this term, finishing on 80.64 at position 2 of 12 in Form 3A. A fine result in History (94.00) shows what

	focused effort achieves. The closest gap to perfection is in Biology (73.50); steady revision will close it. Maintain this discipline and aim even higher next term.
PARENTAL INVOLVEMENT	Parents attended both PTA meetings this term and reviewed the progress report with the class teacher. A quiet study hour is enforced at home, and the reading log is returned signed. The home has been asked to give extra practice in the weaker subjects and has agreed to a revision timetable. The school and home remain firmly aligned on the improvement plan.
